HAIR & SCALP TREATMENTS

Restore Your Hair : Expert Scalp & Hair Care

Our **Hair specialist in Indore** offers advanced treatments for hair fall, thinning, and scalp conditions — addressing root causes for lasting results.

PRP Hair Treatment

Platelet-rich plasma therapy stimulates follicles and promotes natural hair growth.

GFC Treatment

Growth Factor Concentrate — an advanced version of PRP for enhanced hair restoration.

Hair Fall Treatment

Personalised protocols targeting nutritional, hormonal, and lifestyle causes.

Dandruff & Scalp Care

Medicated treatments and scalp therapies for a healthy, flake-free scalp.

SKIN CARE TIPS

Daily Habits for Healthy Skin & Hair

Sun Protection

Apply broad-spectrum SPF 30+ daily — even indoors. Sun damage is the leading cause of premature ageing and pigmentation.

Hydrate & Moisturise

Drink plenty of water and use a moisturiser suited to your skin type to maintain the skin barrier.

Eat for Your Skin

A diet rich in antioxidants, vitamins, and omega-3s supports skin repair, reduces inflammation, and promotes hair health.

Prioritise Sleep & Stress Management

Poor sleep and chronic stress trigger acne, hair fall, and dull skin. Aim for 7–8 hours of quality rest nightly.
